PROJECTS

ResumeMatcher.ai — AI Recruitment Platform | *React.js, Node.js, Express.js, MongoDB, Google Gemini API, JWT* [GitHub ↗](#)

Live: airesume-matcher.netlify.app

- Built a production-grade, full-stack **AI recruitment platform** with Google Gemini API for automated resume parsing, analysis, and intelligent candidate-to-job matching.
- Designed a **multi-factor ATS scoring engine** evaluating resumes across skills, experience, and keyword relevance to automate recruiter screening.
- Implemented **automated interview scheduling** with email notifications and calendar integration; architected role-based access (Recruiter / Candidate) with JWT-secured REST APIs.
- Managed full project lifecycle solo — requirements, system design, MongoDB schema, API development, and frontend integration.

Job Portal for Freshers — Full-Stack Web App | *React.js, Node.js, Express.js, MongoDB, Tailwind CSS, RapidAPI, JWT* [GitHub ↗](#)

- Developed a **full-stack job portal** targeting fresh graduates — React.js frontend deployed on Vercel, Node.js/Express.js backend deployed on Render.
- Integrated **RapidAPI for real-time job listings** with dynamic search, role/location/type filters, and detailed job description pages.
- Built a **complete job application flow** with secure JWT authentication, MongoDB for user and application data, and environment-based config management.

Amazon E-Commerce Clone | *React.js, Firebase Auth, Firebase Firestore, Firebase Hosting* [GitHub ↗](#)

Live: amazon-clone-psi-lyart.vercel.app

- Built and **deployed a fully responsive e-commerce UI** — live on Vercel — with product listings, cart management, and secure Firebase Authentication.
- Implemented **persistent cart with Firestore** — cart state syncs in real-time across sessions; Firebase Functions used for backend order logic.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, Java

Frontend: React.js, Tailwind CSS, Bootstrap, HTML5, CSS3

Backend: Node.js, Express.js, REST APIs, Socket.io, JWT, Firebase Functions

Database: MongoDB, Firebase Firestore, SQL

AI & Cloud: Google Gemini API, RapidAPI, Firebase Auth, Firebase FCM, Cloudinary, Razorpay

Tools: Git, GitHub, VS Code, Postman, Vercel, Render, Vite

Learning: Spring Boot, DSA in Java — LeetCode 50-Day Badge

EDUCATION

Bachelor of Technology — Information Technology

2023 – Present

Zeal College of Engineering and Research, Pune • Savitribai Phule Pune University

Current SGPA: **8.23**

CERTIFICATIONS

- Core Java Course – Core2Web (Advanced OOP, Collections, Multithreading)
- AI Masterclass – Core2Web (Applied AI concepts and real-world use cases)
- Foundation Course on Industry 4.0 Technologies – TechSaksham (Microsoft & SAP)
- IBM SkillsBuild Certification – IBM

ACHIEVEMENTS & EXTRA-CURRICULAR

- Earned **LeetCode 50 Days Badge** — daily DSA practice in Java; targeting zero-hint problem solving.
- Maintains **22 public GitHub repositories** covering full-stack web apps, deployed UI projects, and REST API integrations.
- Active hackathon participant; self-driven learner currently progressing through a structured 60-day Spring Boot mastery program.
